Dear Parent/Carer

Re: Settling in Evening

As we come towards the end of our second week back in school during what continues to be a very complex and unusual time both in schools and the world in general, we would like to offer you the opportunity to speak to your child's Form Tutor. Unfortunately, given government guidance, this cannot take place face to face in the Academy as planned. Instead your child's Form Tutor will be making contact over the phone to discuss how he/she is settling back into school and to answer any questions you may have. This is an important early step in establishing a strong relationship between home and school and your child's Form Tutor should be a key point of contact for you.

These calls are pastoral in nature and will focus on the overall experience of students in their return to school. They will not be focused on individual subjects and there will be opportunities for subject specific feedback at other points within the year.

The Settling in Evening is in the calendar for Thursday 24th September from 3.15pm to 6.15pm and many of the phone calls will be made during this time. Although not all calls will be able to take place during this time every parent/carer receive a call by Friday 2nd October.

Please log into your EduLink and check that we have the up to date contact phone number/s. If you have not received a call by Friday 2nd October, please contact the Academy by phone or email learningsupport@yewlandsacademy.org.

Yours sincerely

Mr R Bowns
Vice Principal
