OnMaths

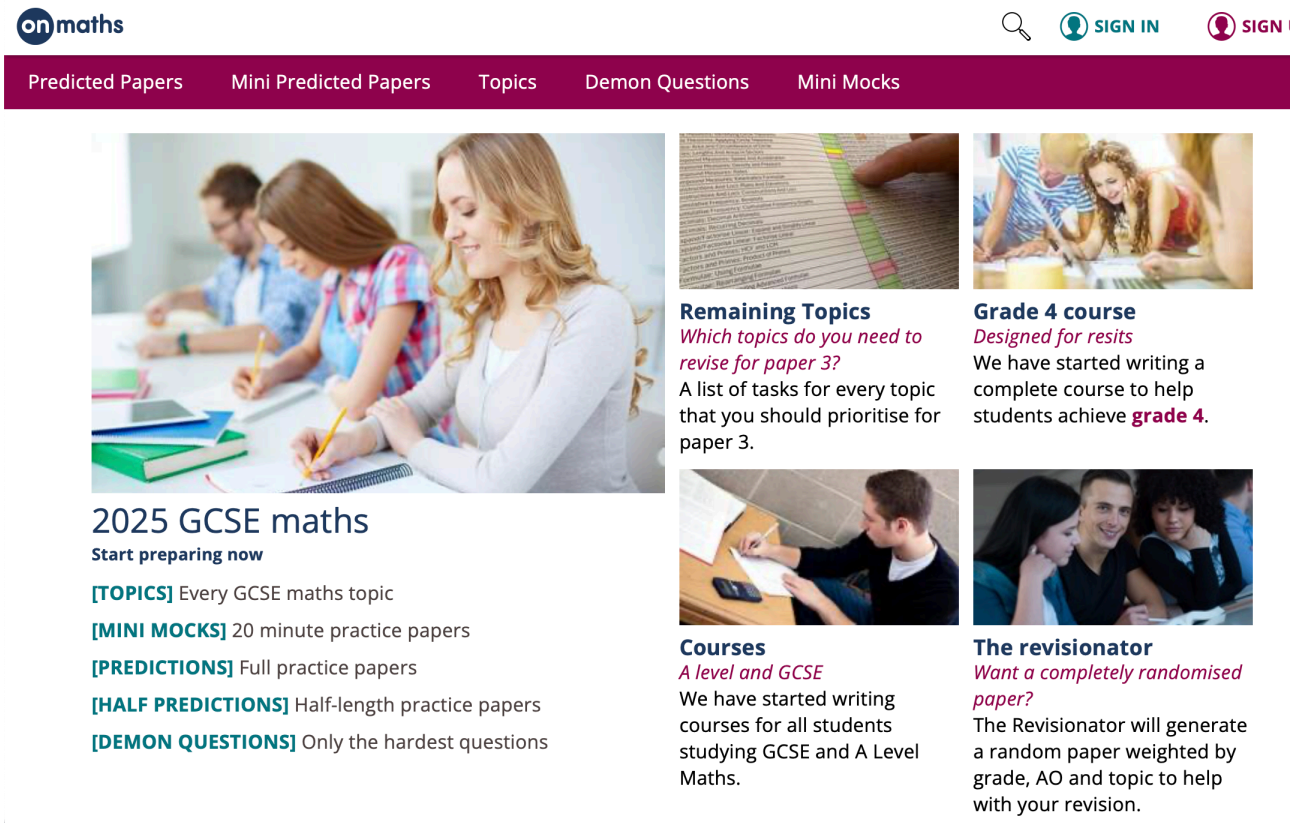
Website: https://www.onmaths.com/

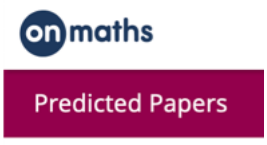
Key Features

Predicted Papers:
OnMaths offers predicted papers that simulate potential exam questions.
These are tailored for both Foundation and Higher tiers.

Mini Mocks:
Shorter, 20-minute practice papers focusing on specific topics to target areas where you might need more practice.

Demon Questions: A collection of the most challenging questions to test your understanding and push your limits.





How to Use:
Access Predicted Papers:
Navigate to the “Predicted Papers” section on the top bar
Select the appropriate tier (Foundation or Higher) and the specific paper you wish to attempt.
You can choose to complete the paper online or download it for offline practice.

Mini Predicted Papers

Utilize Mini Mocks:

- Go to the “Mini Mocks” section.
- Choose a mini mock that targets a topic you’re focusing on.
- These are great for quick revision sessio
